

How to Guide

Getting started

Visit your Play Store or App Store and search for '360 Player' to download.

Enter the team code provided by YBA. Your administrator will then assign you to the correct groups.

Set up your profile as either a Player, Parent, or coach. You can link your accounts or leave them separate.

Navigating the app - 3 levels of access

1. LOBBY

- The Club lobby is where information for the entire club is available.
- Posts on the Wall are visible club wide
- Registrations are located here for new events that may come up
- The club calendar is also visible for events that are club wide.

2. YARA BASKETBALL ACADEMY

- This is the next level down and largely is the same as the lobby.

3. TEAM

- This is your team where you have been allocated. Information at this level is only visible to people in this group.

The app will generally open up to the last level you were in. It will show you here

Use this toggle to change which level you would like to look at

At Academy level it will show you all the groups you are part of.

How to Guide

Your Profile

There are two ways to access your profile.

1. Click on 'team', locate your name and click on the 3 dots.
2. Select the three lines on the right side.

1. Click on the Team button

2. Click these 3 dots next to your own name

3. select view or edit profile

From this page you can see your registrations, statistics, team calendar and attendance data. Simply click on each one to be taken to the relevant page.

Your team events and team wall are also visible from your player profile page. Posts on your team wall are only visible to your team.

How to Guide

Chat Features

Keeping in contact with your team is important. Your Coach will set up a group chat with all players to communicate with the team when needed.

You can also contact other players, head coaches and club staff/secretary via the chat.

Click here to open the chat feature

Click the + button to start a new chat

You can select to chat to 1 person or start a group chat

Select your participant/s

Type your message and send

How to Guide

Calendar & Advising your attendance for training and games

Potentially the most important part of the app. Your calendar has all of your trainings and games listed for you.

This is where you let your coach know if you will be attending games and trainings.

Access the calendar from here in your profile

Access the calendar from here in any screen

Once you click on the event all the details will come up, click here to advise of your availability. You will be prompted with reminders but it is ultimately your responsibility to advise your coach if you will be there or not.

Your calendar can be viewed in days, weeks, months or year.

IMPORTANT
Click on an event to see the details and respond with your availability

If you are unable to attend click decline instead of attending

You will then see this screen where you can select the reason for not being able to attend
